Welcome River Lilly Bed & Breakfast

Over 50 people were on hand to welcome Art & Polly Cappuccio at the official Ribbon Cutting on May 20th. Everyone was impressed by the beautiful job of remodeling that Art and Polly did, and they did it themselves. The decor is something out of "House Beautiful" and is only surpassed by the warm homey feeling that Art & Polly lend to the establishment.

The food was delicious and no one went home hungry. Everyone made themselves right at home and there were many people still there at six o'clock to hear Art play for us and entertain us with what he called "name the artist." Art plans to entertain their guests at night. Polly serves a full breakfast in the morning, and I am told that it is delicious.

With a Heart Shaped Pool, this is the perfect place for that romantic getaway for you and your spouse (or special friend). Each room is decorated differently, and the size of the rooms vary, so are the prices. For prices and availability, call Polly at 253-5002.

The River Lilly Bed & Breakfast is a beautiful addition to Holly Hill and we wish them well.
